WINES WORTHY OF NOTE

Joseph Perrier. Champagne, France

The Joseph Perrier Champagne House was founded in 1825 at Châlons-sur-Marne, where Perrier's father, François-Alexandre, had helped his father-in-law in a small wine business.

On his death in 1870, Joseph Perrier left a successful business to his grandson Gabriel Perrier, who had little inclination to run a Champagne house and eventually sold the firm to Paul Pithois in 1888.

Today, under the leadership of Jean-Claude Fourmon, a descendant of Paul Pithois, it owns 20 hectares of vineyards in Cumières, Hautvillers and Damery. Believing that quality is more important than quantity they only produce 60,000 cases per year and have established a firm reputation for delivering excellent quality champagne.

More than three centuries later, the House of Dom Pérignon perpetuates the visionary approach of its founder, widely considered the spiritual father of Champagne. Each new vintage is a unique creative act, reinventing the extraordinary style of a wine that only the Chef de Cave may declare a "vintage year".
